I completed my work/task on time				4
I was reliable				4
I assumed responsibilities				4
I used my time effectively				4
I listened to and encouraged others				4
I had fun				4

**Reflection:** Use these questions to reflect on your experience

What tasks or jobs did this project involve? What aspects of this project suited you?  
~~There~~ There was the bagger, packer, food pointer, and the scaler. The aspect that suited me was

What did you do well? What could you have done better?  
 I bagged the food really well - I think I could've communicated with my team more.

What did you like best about this project? I liked packing the food and putting the people's names on the box.

## Service & Action Reflection Form

What classroom work or skills learned linked to this activity? One classroom skill linked to this activity is responsibility. Another one is punctuality.

What did you learn about yourself from this activity?

I learned that I really could do something if I'm determining

What personal benefit did you receive from this project? The personal benefit that I ~~received~~ received was more knowledge on charities and people in my community.

What did you learn about your community from this project? That the community are really supportive and caring. And that they are helpful. people who live in the

How did this activity help you to better understand your community? This activity helped me understand why ~~the~~ my community does this and how they set everything up.

What similar kinds of activities could you engage in to help others? I could help fund for other charities in other communities so the help spreads around to different communities.

Based on what you have learned, design a project that you could implement in the future that would benefit your community. Identify what specific community it would benefit and how it would benefit them.

This would help my community to know what the people think should be improved or helped. This will end up in a better-working and healthy/clean community.
